Information of Septic System

No Building Permit will be Issued until this completed form is submitted to the Code Enforcement Officer

Effective May 1 1997 the New York City Bureau of Water Supply has adopted new regulation concerning septic System. Two deep test pits and percolation test are required to assure that a safe system can be installed. In some cases an alternative system may be required.

The Town of Denning will not issue any Certificate of Occupancy until it has received an acceptable septic report from the Bureau of Water Supply , regardless of the fact that a building permit was issued.

It is strongly recommended that you contact the NYCDEP - Engineering Section P. O. Box 370 Shokan NY 12481 or telephone (845) 657-6972 before starting construction.
