Mr. Landon informed the board members that he had started on preparing the Planning Board training course based around the new zoning law. He also informed the board that the zoning committee had made some amendments, that they had sent back to the Planner. Since, he still has yet to receive a revised copy of the new zoning law from the Planner his course will be postponed another month. Discussion followed on the various planning seminars including the course that the Chairman would prepare and the the various credits for each course. It was decided by the Planning Board members that they would take the course that the Chairman prepared, which would be the full 4 credits needed for this year. Mr. Landon stated that he will need the mailing addresses of the board members so that between now and December 1st he can mail the course to them. The answers will be gone over at the December meeting.

The Chairman looked over the tentative 2012 Planning Board budget. Mr. Landon inquired of Councilman Mike Dean, if the Town is on target with last year's budget. Councilman Dean responded that there are a lot of increases to the budget. Mr. Landon stated that tentative budget shows no changes to the Planning Board budget. Councilman Dean suggested that the Chairman attend the budget workshop on November 1st.
